Welp Hatchery is a division of International Poultry Breeders Hatcheries

Chicks sold and distributed by

OUR MISSION

To be reliable, technically advanced, customer oriented supplier of fertile hatching eggs; adding value to our customers through the continuous focus on health, genetics, storage, shipping, and delivery.

ABOUT US

In 2016, Welp Inc. was acquired by IPB Hatcheries, a sister company of Wincorp International. With our customers in mind, this was a strategic plan to continue to provide the best services to you.

Welp Hatchery offers day old chicks. We specialize in Cornish Rock broilers and are able to supply exotic breeds of baby chicks.
